# PGDDSAI- II

Indraprastha Institute of Information Technology, Delhi, in collaboration with IBM, launched PG Diploma in Data Science and Artificial Intelligence (PGDDSAI). This is an online program having nine months duration and conducted on weekends.

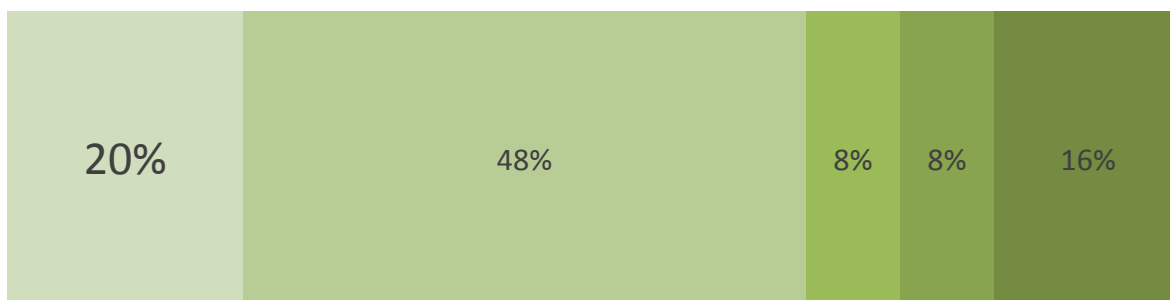

A total of 26 students registered for the placement, out of which 20 students were interested and eligible for the placement activities. The processes were conducted in hybrid mode.

The students came from diversified backgrounds e.g. Engineering, Science, Economics, etc. Further, 80% of the batch had prior work experience. The placement office interacted with 18+ recruiters for the students and 12 companies conduct the process.
